

FAASTeam CFI Workshop #8

This is CFI Workshop module #8 in the series of eight modules. In this module, Pilot Deviations including Runway Incursions will be discussed.

Directions: Traffic light off Rt. 41 just north of University Parkway. Go east on General Spaatz. Make first left. Single story building will be on the right after you cross Bradenton Bypass.

Transportation is available from Dolphin Aviation should someone elect to fly in, and may be available from Retrix Aerodrome.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
